

Energy Performance Certificate

Mellor Barn Peel Cottage Road
TODMORDEN
Lancashire
OL14 7QJ

Dwelling type: Detached house
Date of assessment: 28 September 2009
Date of certificate: 28 September 2009
Reference number: 8641-6821-6510-7768-4026
Total floor area: 274 m²

This home's performance is rated in terms of the energy use per square metre of floor area, energy efficiency based on fuel costs and environmental impact based on carbon dioxide (CO₂) emissions.

The energy efficiency rating is a measure of the overall efficiency of a home. The higher the rating the more energy efficient the home is and the lower the fuel bills are likely to be.

The environmental impact rating is a measure of a home's impact on the environment in terms of carbon dioxide (CO₂) emissions. The higher the rating the less impact it has on the environment.

Estimated energy use, carbon dioxide (CO₂) emissions and fuel costs of this home

	Current	Potential
Energy use	545 kWh/m ² per year	507 kWh/m ² per year
Carbon dioxide emissions	23 tonnes per year	21 tonnes per year
Lighting	£181 per year	£181 per year
Heating	£3635 per year	£3248 per year
Hot water	£701 per year	£701 per year

Based on standardised assumptions about occupancy, heating patterns and geographical location, the above table provides an indication of how much it will cost to provide lighting, heating and hot water to this home. The fuel costs only take into account the cost of fuel and not any associated service, maintenance or safety inspection. This certificate has been provided for comparative purposes only and enables one home to be compared with another. Always check the date the certificate was issued, because fuel prices can increase over time and energy saving recommendations will evolve.

To see how this home can achieve its potential rating please see the recommended measures.

This EPC and recommendations report may be given to the Energy Saving Trust to provide you with information on improving your dwelling's energy performance.
